

Sun offers replacement seal kits for all cartridge models. These kits include all of the external seals on the cartridge along with installation instructions. Seal kits are available in Buna-N and Viton for all models, along with EPDM and polyurethane for many models. Please note: Converting the external seals from one material to another does not ensure fluid compatibility with that material due to the existence of internal seals within the cartridge.

- NOTES
- Install back-up rings and O-rings as shown in views.
 - When installing continuous back-up rings, use the same technique and the same care used to install O-rings.
 - After installing the GLYD® Ring, size it to restore original shape and to prevent damage during cartridge installation.
 - When installing cartridge - be sure to torque to recommended value.
 - GLYD® Ring is a registered trademark of W. S. Shamban and Co., Los Angeles, CA, USA
